

**RECIPIENT ELECTED MESSAGING SERVICES FOR MAIL THAT IS  
TRANSPORTED IN TRAYS OR TUBS**

**Abstract Of The Invention**

5 A method that enables a recipient to inform a carrier of the manner in which the  
recipient would like mail that is transported in trays or tubs delivered. The recipient is  
then able to inform a post or courier e.g., Federal Express®, Airborne®, United Parcel  
Service®, DHL®, etc., of the manner in which the recipient would like the mail delivered.  
10 The post and courier hereinafter will be referred to as "carrier". For instance, the  
recipient may want the mail physically delivered to their house faster or slower, or the  
mail physically redirected to the recipient's temporary address, or physically delivered to  
the recipient's agent, or physically delivered to the recipient's attorney, or physically  
returned to the mailer, or have the carrier open the physical mail and have the carrier e-  
mail or fax the contents of the mailpiece to the recipient and/or parties designated by  
the recipient.
